With a blend of stand-up and instruction, guests are led on a journey of their palates before detecting a range of elements in each of the 6 beers, as well as taking part in quizzes and other fun and interactive segments.

In the twenty years we have been hosting beer events, they have kept up with the rapid development of the real ale movement and have visited all, and even worked at some, of the breweries from which we buy.

In the interactive show guests also learn how to detect milk type, age and production method of 6 of the finest artisan cheeses.

Premium Virtual Whisky & Cheese Masterclass

A fun and interactive whisky and cheese masterclass tasting with competitive elements and a healthy dram of humour.

This tasting is not just for the whisky buff or even those partial to it. It's an experience that engages all equally, as your expert host gives guests pointers on how to spot region, cask type and age, before they compete in a fun challenge using a range of 6 premium and rare single malts.

Your expert host, courtesy of a familial connection with the Highlands and a passion for the subject that has taken him to most of Scotland's malt whisky distilleries, hosts the tasting with a trademark blend of improvisation, humour and knowledge.

In the interactive show guests also learn how to detect milk type, age and production method of 6 of the finest artisan cheeses.
